

## partners

### strategic and marketing childcare partnerships

At NDNA we work with a range of partners in order to achieve our aim of promoting quality in early years. All our partnerships enable us to work towards our objectives, support our members and the childcare sector and ensure the charity remains sustainable.

NDNA partners include private and commercial organisations, local and national government, non-departmental government organisations, charities and other not-for-profit organisations. We are proud to have won the [Northern Marketing Award 2008](#) for our approach to a corporate partnership with Hope Education.

This section gives you some details about a selection of NDNA partnerships and how you can get involved.
