\*Brighter thinking for early years

## Factsheet

Our factsheets are written by early years experts for the early years workforce. Most NDNA factsheets are free to our members.

NDNA is the national charity and membership association representing children's nurseries across the UK. We are a charity that believes in quality and sustainability, so we put our members' businesses at the very heart of ours.

We are the voice of the 21,000-strong nursery sector, an integral part of the lives of more than a million young children and their families. We provide information, training and advice to support nurseries and the 250,000 people who work in them to deliver world-class early learning and childcare.
