Get to know NDNA

We are dedicated to making **a difference to early years education.**

We are an award-winning charity and membership association supporting nurseries, early years settings and their workforce to deliver the best possible early education and care to our youngest children.

We are the national charity representing private, voluntary and independent (PVI) children's nurseries across the UK. We are the voice of the 24,000-strong nursery sector, an integral part of the lives of more than a million young children and their families.

We represent a network of over 20,000 members including PVI run nurseries and their practitioners in England, Scotland and Wales.

Quite simply, we are the people behind the people who care and champion the best for our children.

Welcome to NDNA. **You've arrived in a very special place.**
